

Un mundo de
posibilidades
basado en
tecnología Intel®

ARM® T5100-N

Solución confiable,
flexible y a medida.

Solución certificada
por Intel®

Desde 1985 brindando
soluciones de Alta
Tecnología.

Processors	<ul style="list-style-type: none"> > Intel® Xeon® Processor > Intel® Core™ i3 Processor > Intel® Pentium® Processor
Mother	> Marca Intel® Modelo S1200BTL
Network Controller	> Two integrated Intel® PRO/1000 Network Connections
Storage Controller	> 6 SATA ports at 3.0Gbps with embedded RAID 0, 1, and 10 by means of LSI RAID controller compatible with MS Windows® Server 2003/2008 and Linux Red Hat ES 3/4/5 and Suse Linux ES 9.0 and 10 OR embedded RAID 0, 1, 10 and 5 by means of Intel Matrix Storage controller compatible ONLY with MS Windows® Server 2003/2008.
Memory	> Up to 32GB or 16GB Unbuffered ECC DDR3 memory
Hard Drive	> Up to 6 Hard Disk fixed / Hot-Swap SATA/SAS
Expansión Slots	> One PCI Express* x8 with x16 connector - One PCI Express* x8 with x8 connector - One PCI Express* x 4 with x8 connector
Optical Drives	> Grabadora de DVD SATA DAT INTERNO 36/72GB SATA INTERNO
Form Factor	> Gab. Tower Server
Power Supply	> Simple or Redundant
Management hardware	> iKVM optional
Sistema Operativo	> Intel® Deployment Assistant
